UAE's Preferred IT Partner

SINCE 2003

Maxtouch Computers, IT and Telecom hardware partner in the region of internationally recognized brands.

Complementing the hardware products, software components, cloud-based services, and ICT supplement application products from international suppliers and produce commercially viable solutions of choice, Maxtouch engages in Value Added Distribution, Volume Distribution, B2B market solutions, and ICT product distribution.

Leading ICT hardware solutions provider Maxtouch Computers also serves as a dependable distributor for well-known international companies. In the Middle East and Africa, Maxtouch Computers has established a strong foundation since 2003 by adhering to the straightforward "Customer First" attitude.

Today, Maxtouch has branches not just in Dubai but also in numerous other cities throughout the UAE. By employing strong central warehousing facilities in Jebel Ali, Maxtouch efficiently meets the many large-scale order requirements for its channel partners and ensures quick deliveries for them.
